

No Slippery Slopes: Same-Sex Couples, Monogamy & the Future of Marriage

Stephen Macedo
Princeton University

*Laurance S. Rockefeller Professor of Politics and
the University Center for Human Values*

Will same-sex marriage lead to more radical marriage reform? Should it? Conservatives warn of a slippery slope from same-sex marriage toward polygamy, adult incest, and the dissolution of marriage as we know it; many progressives embrace these changes. Professor Stephen Macedo argues that both sides are wrong: the same principles of democratic justice that demand marriage equality for same sex couples also lend support to monogamous marriage.
